Re: Acceptance of Amended Notice of Intention to Commence Small Mining Activities, Kents
Prophesy Project, S/027/056, Millard County, Utah

Dear Mr. Teseneer:

On April 7, 1997, this Division received your amended Notice of Intention from Marion K. Nielson, for the Kents Prophesy project. On April 9, 1997, we also received a copy from your office, along with your April 7, 1997, response letter to Mr. Nielson. The project is located on BLM managed land in Section 11, T19S, R14W, SLBM, Millard County, Utah. Your agency's designated mineral lease number is UTU-070693. The amended notice satisfies the Division's notice requirements of Rule R647-3 of the Utah Mined Land Reclamation Act of 1975, Title 40-8, et seq., Utah Code Annotated.

By copy of this letter to Mr. Nielson, this is to inform him and you that Division approval does not constitute authorization to mine without first obtaining the proper clearance and permits from your office. Please inform us when Mr. Nielson finalizes the proper clearance with your office and can proceed with this amendment.

Thank you for your cooperation. If you receive further information or amendments for this operation, please notify us so we will be able to update our files. Please reference our designated file number S/027/056 when forwarding additional information on this project to us.

Sincerely,

Tom Munson
Senior Reclamation Specialist
